

# Customer Experience (CX) Advisory

## The Problem

- ✦ Low adoption of CX platforms
- ✦ Disconnected customer communication tools
- ✦ Technology chosen without workflow alignment

## What You Get

### HIGHER PLATFORM ADOPTION

Tools built around real workflows.

### BETTER CUSTOMER EXPERIENCES

Integrated communication channels.

### MEASURABLE CX ROI

Metrics tied to business outcomes.

## What We Do

### Evaluate CX Platforms

Assess tools against real customer workflows and journeys.

### Select Communication Tools

Implement scalable voice, chat, email, and messaging solutions.

### Integrate Core Systems

Connect CX platforms with CRM, ERP, and internal systems.

### Drive Platform Adoption

Design systems employees actually use.

### Negotiate Vendor Contracts

Protect against licensing traps and unfavorable renewals.
