

# Private Equity Advisory

## The Problem

- Technology risks hidden during diligence
- Integration challenges post-acquisition
- Technology spend reducing deal returns

## What You Get

### STRONGER DEAL INSIGHT

Technology risks identified during diligence.

### SMOOTHER INTEGRATIONS

Systems and vendors aligned post-acquisition.

### FASTER VALUE CREATION

Technology supports portfolio growth.

## What We Do

### Conduct Tech Due Diligence

Identify technology risks before acquisition.

### Plan System Integrations

Prepare infrastructure and vendors for post-close consolidation.

### Optimize Technology Costs

Reduce telecom, cloud, and software spending.

### Assess Cyber Risk

Evaluate security exposure and insurance readiness.

### Develop Portfolio Strategy

Create scalable technology frameworks across portfolio companies.

**This service is 100% free to clients.**  
**NO retainers. NO upfront fees. NO vendor pressure.**

**Ready to put technology to work for your portfolio?**
